# SILVERTREE ESTATE WESTLAKE VILLAGE

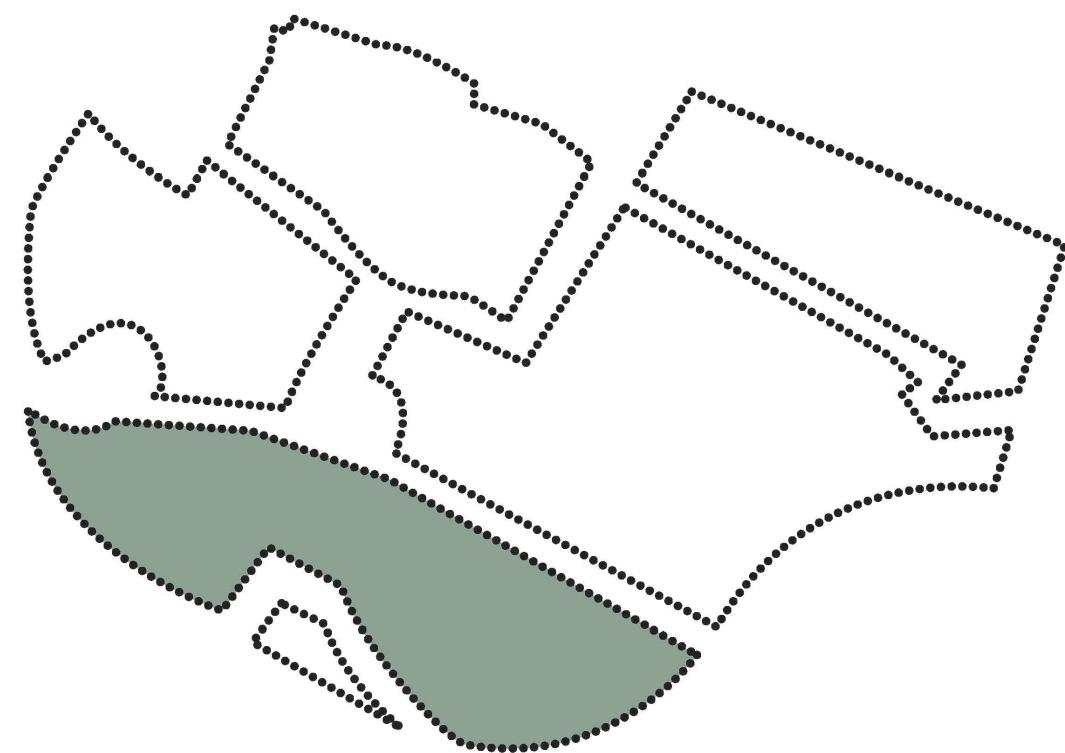

perception area through the eyes of  
the gated community

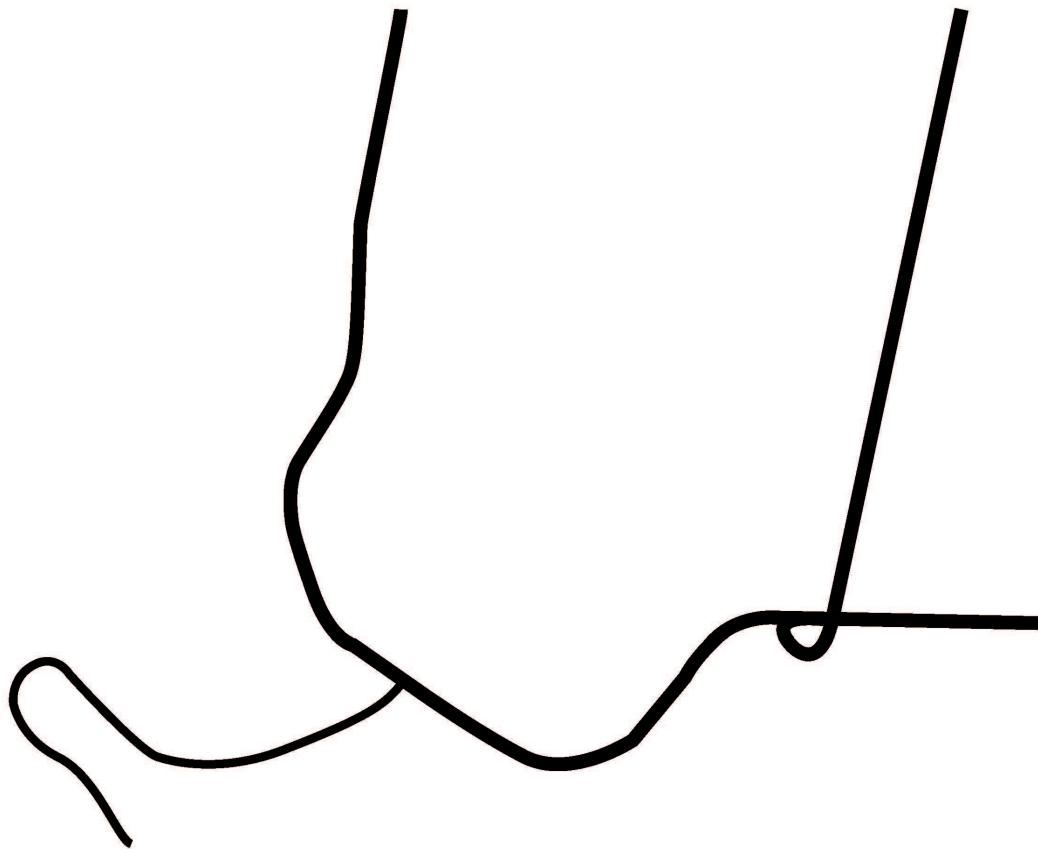

The Silvertree Estate within its surroundings.

Two of the four entrances to the area are located at the border. The other two are inside the area.

There is almost no public space in the area,  
however the existing voids have potential to  
become one.

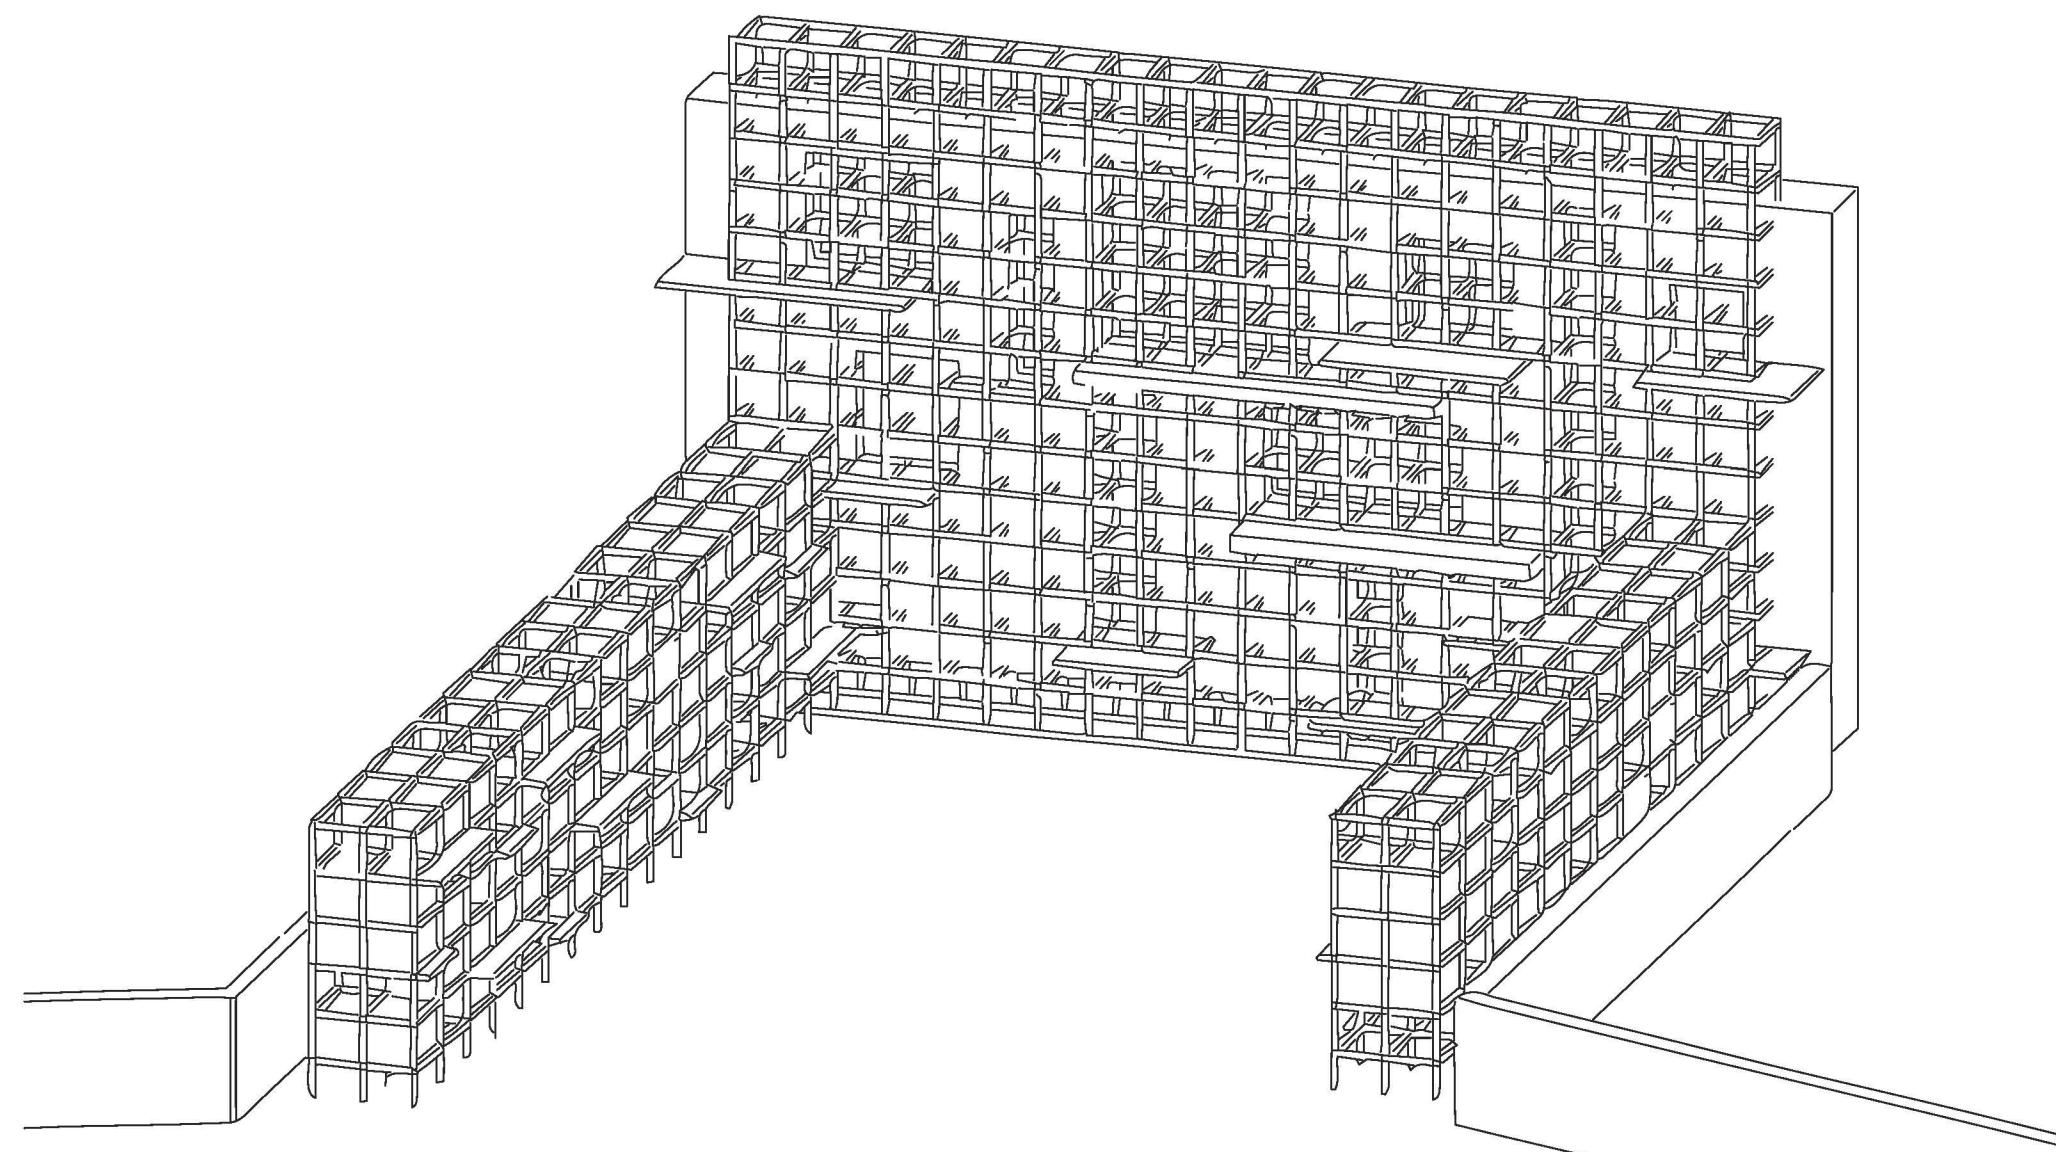

Despite the fact that the Silvertree Estate is a gated community, the area is very well connected with the rest of the city
